

DAY OF GOLF CELEBRATION 40

DRIVING INNOVATION FOR 40 YEARS

Presented by WELLINGTON-ALTUS

About the Glenn Anderson Day of Golf for the Cross Cancer Institute

This year marks the 40th anniversary of the Glenn Anderson Day of Golf, which has raised nearly \$20 million for Alberta cancer research and treatment, thanks to our generous donors, volunteers, golfers, and partners.

A Special Celebration

To commemorate the 40th anniversary, we're hosting a celebration event the night before the tournament on Wednesday, August 6, at the River Cree Resort and Casino.

Approximately 300 past and present volunteers, friends, partners and staff from the Cross Cancer Institute will gather to celebrate the tournament's impact on cancer research over the past 40 years. This event will also gather business owners and senior leaders who all have been part of the success of the tournament, raising over \$20 Million from private donations during its 40-year history.

The evening will honour Glenn Anderson and the Edmonton Oilers' support of the tournament, as well as the dedicated volunteers and partners who make the Day of Golf possible. Special Oilers Alumni like Glenn Anderson, Grant Fuhr and more alumni members have confirmed their attendance.

Your Generous Support

In order to keep this event as accessible as possible so that we can host a wide variety of supporters from the tournament's history in attendance, we need your help.

We are excited to offer opportunities to sponsor a table at this event. Your personal/corporate sponsorship ensures that tickets to this special celebration are kept as low as possible and that you will be recognized for your support of this historic evening. For those willing to drive it home, we are offering an opportunity to purchase an additional ticket for a Cross Cancer Institute staff member to attend this event and sit at your table. A wonderful opportunity to hear from one of our "designated guests", on some exciting past and current contributions which our event have made at the Cross Cancer Institute and "leading edge cancer research" over the previous decades.

DAY OF GOLF CELEBRATION 40

DRIVING INNOVATION FOR 40 YEARS

Presented by WELLINGTON-ALTUS
